History

Childhood

He is a child of surprise promised to the witcher Joël by his father for saving him from a werecat. He was born on the Feast of Saovine in 1233, the son of the alchemist Luisa and the Baron of Toussaint - Lendawind de Savarin. When he was 10 years old, he was taken (against the will of his mother and father) by Joël to the hideout of the Cat School to become a witcher.

Training for a witcher

Eryk has been training as a witcher since 1222.

During the training he met and became friends with Axel.

He trained at the Cats' hideout until 1233, where he learned master swordsmanship and underwent mutations. He managed all the trials, after which he set out on the trail.

Characteristic :

Unlike other Witchers from the Cat Trait, he was not characterized by cruelty, he was reluctant to kill people.

He was a person with a great sense of humor. He was known as an honest and simple-minded witcher, able to have fun with others and quickly find friends. He knew how to play Gwent. At first glance, he seemed to be a person who treated life quite lightly (he did not avoid alcohol and prostitutes), however, he performed his work, or calling, if you prefer, with extraordinary concentration and dedication.

He had a very sensitive heart, he meddled in human affairs, he could not pass by a tortured person without reacting. He was also very sensitive to the harm done to the older races, he felt aversion to racists and disgust towards the religion of the Eternal Fire.

He didn't resent his profession or regret having mutated it, but he missed his mother.

He considered witchcraft as mercenary work, devoid of the idea of fighting evil, and he considered the neutrality of witchers pointless and pointless.

Look :

Eryk was a tall, well-built and extremely handsome man. He was distinguished by a pale complexion as well as a high forehead, regular eyebrow ridge, thin nose wings and long fingers, which clearly indicated that he had elven roots

He was known for his "mysterious smile and menacing gaze." "

His equipment included a modified (according to his idea) guild gear of the Kota school, as well as a medallion of the guild, as well as witcher's silver and steel swords and a crossbow.

Interesting facts :

General:

- He hated dumplings.
